Subject: Revised Final Comprehensive Phase 1 Report

The text, tables and figures from the Revised Final Comprehensive Phase 1 report are attached. We will also send most of you the complete report via WeTransfer. In addition, we will be providing a paper copy of the text, tables and figures and a compact disk with all of the Appendices to the following individuals:

Brad Vann (EPA) – two copies

Ryan Seabaugh (MDNR) – one copy

Stephanie Feingold (Morgan Lewis) – one copy

Erin Fanning (Bridgeton Landfill) – one copy

If anyone else desires a paper copy, please let us know as soon as possible.

Brad, unfortunately, the cover letter and text have yesterday's date on them. We hope this will be acceptable as we did not want to delay transmission of this document to change all of the dates. The tables and figures that were not changed from the last draft still have the February 2016 date in the footer or margins. Tables and figures that were revised have yesterday's or today's date in the footer or along the margin or in some cases a March 17, 2016 date reflecting when we last revised them. I know you previously asked us to update all of the dates on the tables and figures to reflect the date of submission of the report, but this is how we keep track of which tables and figures were revised and make sure we are using the most recent versions of them when we incorporate them into other documents.

Let us know if you have any questions.

Thank-you, Paul
